

PRP & Exosomes.

Doctor-led regeneration for hair, skin and beard.

PRP Therapy

A natural reset, drawn from your own blood.

HAIR

SKIN

BEARD

Stimulates natural growth factors to encourage new hair growth, improve skin texture, and fill out beard density. The most established regenerative treatment, used in clinics worldwide.

PRICING

Single session PRP for hair, skin or beard	£150
PRP + Microneedling Combined session for deeper absorption	£179
Course of 3 3 × PRP — recommended starter course	£399 <i>Save £51</i>
Course of 4 BEST VALUE 4 × PRP — best long-term value	£499 <i>Save £101</i>

Exosome Therapy

Next-generation regeneration. More potent per session.

HAIR

SKIN

BEARD

Purified messenger particles from stem cells, carrying highly concentrated regenerative signals. A premium choice when you want noticeable results in fewer sessions.

PRICING

Single session Exosomes for hair, skin or beard	£250
Exosomes + Microneedling Combined session for deeper absorption	£279
Course of 3 3 × Exosome — recommended starter course	£675 <i>Save £75</i>
Course of 4 BEST VALUE 4 × Exosome — best long-term value	£850 <i>Save £150</i>

WHICH IS RIGHT FOR YOU?

PRP — gentle, natural, course-based. Best for those starting their journey or wanting natural-looking results over time.
Exosomes — more potent per session. Best for faster results, advanced thinning, or where PRP alone hasn't delivered.

All treatments include consultation and aftercare guidance. Course bookings unlock the savings shown.
